

# NOTICE

## TERMINATION OF REPRESENTATION

Dear \_\_\_\_\_

We, the people of the United States, acting upon the principles of the Declaration of Independence and the Constitution do hereby notify you that we no longer support a Congress that:

- \* Fails to openly and honestly debate legislation.
- \* Passes bills without reading them.
- \* Creates trillions in national debt.
- \* Enslaves us and our children to endless taxation.
- \* Stands idly by while federal czars take ownership control over American industry, wiping out personal property, and destroying jobs and innocent lives.
- \* Passes cap and trade bills that will raise taxes, energy costs and cripple industries.
- \* Threatens our right to life and the liberty to maintain our health care as we choose.
- \* Places party politics over principle to the destruction of the rule of law.

The Declaration of Independence clearly states that your authority comes solely from the consent of the governed. Therefore, be advised - WE NO LONGER CONSENT TO YOUR ACTIONS AND WE WILL NO LONGER BE SILENT!

We hereby withdraw all support from you and every member of this Congress, either House or Senate, until such time as you prove your commitment to the principles of the Declaration and the US Constitution. IT'S TIME TO PACK UP AND COME HOME.
